Dear Mrs. Hon

My name is David Lopez, and I'm grateful to apply for the Graphic Designer/Webmaster role at your company. After reviewing your job description, it's clear that you're looking for a versatile candidate to handle the numerous and varied responsibilities associated with this role. Given these requirements, I am certain that I can meet and exceed all expectations.

I am a highly motivated high school student recognized by my teachers for being hardworking and dependable. While I am just starting out professionally, I've gained hands-on experience with web page technology through a school pathway, where I learned the basics of HTML, CSS, and design principles. These projects sparked my interest in visual design and web development, and I've enjoyed creating pages as part of my work. I'm ready to bring my growing skills, creativity, and strong attention to detail to a Graphic Designer/Webmaster role at your company.

After reviewing my resume, I hope you'll agree that I am a motivated and detailed candidate with a strong foundation in web page technology and a passion for design qualities well suited to a Graphic Designer/Webmaster role. I would love the opportunity to discuss how my growing skills can contribute to your team. Please feel free to contact me at (559)-410-1445 or via email at dl407106@gmail.com to arrange a convenient time to connect.

Thank you for your consideration, and I look forward to hearing from you soon.

Respectfully
